

**RYEFIELD COURT**  
LUXURY LIVING & EXCEPTIONAL CARE

There are many reasons that we are so confident that this is the home for you. We have put everything we know about senior living into this wonderful home and added some extras too. Our all-inclusive pricing says it all; everything you see on the following pages is included in one single weekly fee.

When we say everything, we mean it. From our stunning - and now famously sociable - bar bistro, to the inspired events presented throughout the year, this is a home so different from most other care homes you'll probably want to view it twice, just to make sure your eyes aren't deceiving you! That's not a problem, we intentionally have a larger team than most so that nothing's ever too much trouble, or too far away. Once you have read all about it here, you can turn to the back page and find out about all the different ways to get in touch with us.

# Welcome to Ryefield Court

When you visit Ryefield Court for the first time it's normal to be surprised. Most people are, as you will read from our reviews on [carehome.co.uk](https://www.carehome.co.uk). This is a home where the sole focus is on the wellbeing of every resident. It seems like an obvious thing to say but at Ryefield Court we believe that we have excelled in combining first class care with luxury living, fun and enjoyment.

To ensure that everyone receives the attention they need and want, Ryefield Court is staffed 50% above the industry average and provides thorough staff training which ensures that our residents enjoy the very best quality of life and that our staff love working here.

We make sure that we find and retain the best staff and when we do, we pay them above the living wage.

There are two parts of our unique offering which really sets us apart from our competition in the eyes of our residents and their families. Firstly, our events and activities are always inspired and stimulating; whether it's a casino evening, a flamenco afternoon or a trio of singers, you and your family will always be entertained.

Secondly, and most importantly, is our fee. We operate an all-inclusive policy so that nobody has to worry about extras or expenses.

Everything you need is included in one weekly fee.

It's the Ryefield Court way.

*Above Average Staffing Levels*

*We Pay Above The Living Wage*

*The Fee Is All Inclusive*

# First-class, exceptional care

## *Dementia Care:*

Our dedicated dementia suite is staffed by a carefully selected team of carers. Residents benefit from a personalised environment that is customised to help them cope with everyday life, and which helps them feel safe and comfortable at all times of the day and night. Residents benefit from the same luxuries and dedicated care as everyone else in the home.

## *Respite and Day Care:*

Day & respite care allows non-residents to enjoy all the benefits of Ryefield Court for a short period of time. A day at Ryefield Court is an ideal way of trying out the home prior to moving in permanently, and respite is perfect for people who need time to rest, or to allow caregivers elsewhere a break. A day includes transport to and from the home, breakfast, lunch, dinner, enjoyment of any of the activities that are taking place, and use of all the home's facilities.

## *Residential Care:*

This service invites people to become residents of Ryefield Court for one, all-inclusive weekly fee. This includes a private bedroom with an en suite wet room, and full use of the home's wonderful facilities. Help and care is on hand 24/7 when required.

# Food, Drink & Fine Dining

Our bar bistro has been designed to reflect the sophistication our residents are accustomed to, retaining the feel and finish one would expect to find in a restaurant rather than a care home. The delicious, fine cuisine served up by our in-house chef continues to delight both residents and their families, whether it's a Monday morning breakfast or a fine dining Friday. The menus change regularly, and use fine quality, locally sourced ingredients. Our bistro affords residents the chance to dine as if they were in their favourite eatery.

In addition to the food prepared on a daily basis for our residents, we have regular gatherings or celebrations where we might hold a barbecue or hog roast to commemorate a special event. These have always been a roaring success and combine the social activities programme at Ryefield Court with our successful kitchen.

Private dining is exactly that. When you want to enjoy a meal with just your family or friends, we have a dining room just for that. We'll also do the washing up so you can spend more time catching up!

*Excellence in taste!*

# Luxury In A Shade To Suit Everyone

Ryefield Court is awash with colour and cohesive interior design at every turn. We want you to make this your home, so we've done as much as we can to make it feel that way. Everyone will want to bring their own personal effects and we will help you to get your room looking exactly how you like it. All rooms are fully equipped with flat screen televisions,

large windows and specially designed furniture. Each room boasts an en-suite wet-room too. Throughout the rest of the home, the attention to detail is evident in abundance, with the focus on creating a homely residence of which everyone can be proud.

*Don't get a surprise every month, make sure your home is all-inclusive. Our pricing policy is transparent and provides peace of mind.*

When choosing a care community for yourself or for a loved one, we think it's important to know exactly what you'll need for the long term. That's why planning a life with us at Ryefield Court is simple and straightforward. There is one all-inclusive price per person per week.

Fancy seconds? An extra glass of wine? Maybe a shampoo and set before popping out in the chauffeur-driven car?

At some care homes this would be a budgeting nightmare, let alone costly. Not at Ryefield Court, it's all included. Whether it's three cups of tea with breakfast, a jaunt to the seaside, or a massage, it's all included along with everything else you see in this brochure.

# The Ryefield Court Difference

You will probably be able to find this out for yourself by visiting many care homes and comparing what you find. However, there are four key areas which really emphasise the difference between Ryefield Court and other care homes. They matter to our residents and they matter to us as a responsible company that values people and personality.

## *All-Inclusive Fee*

This, quite simply "does what it says on the tin." We have been listening to our many residents over the years and the one thing which reduces stress and enables people to plan is the ability to know what you will be spending over a given period of time. That is why we operate an all inclusive policy. And what's more, when we say all-inclusive we mean it. Fine dining with the family? No problem. Hairdressing? No problem. Chauffeur-driven car - it's the same answer whatever you choose to do at Ryefield Court.

## *50% more staff than the industry average*

The obvious benefits of this are that there is never a rush. Nobody at Ryefield Court hasn't got the time, or is busy doing something more important. There is nothing more important than our residents and having more staff than ever before enables us to ensure the relaxed, stress-free pace of life within the home.

## *We pay above the living wage*

Being a pioneer in the business of care comes naturally to us! We believe that by valuing every member of staff from the Manager to the Chefs to the Cleaners, everyone benefits. We are able to attract the best staff, and what's more we retain them which means that the social scene in our home is the best. Staff know the residents well and our residents always have a familiar face just around the corner.

## *Inspired and stimulating events*

The events - as you will see on Facebook - attract family and friends and entertain residents every week. We listen to our residents too. If they want to try something, we will look into it for them. This is about more than just scheduling the odd activity, it's about providing high quality, stimulating and interactive entertainment to our valued residents.

# Contact

You can contact us in many ways as we have listed below. While we will always try and accommodate visitors, you will be guaranteed a thorough meeting and relaxed viewing if you or a friend are able to make a prior appointment. That way we can ensure we are able to answer all of your questions and spend some time getting to know you and your requirements.
